

San Bernardino County Asian Citrus Psyllid/HLB Workshop

Please Join Us: Saturday, June 30

The Citrus Pest & Disease Prevention Program and the UC Master Gardener San Bernardino County Chapter invite small citrus growers and homeowners with backyard citrus trees to attend a **free citrus workshop**.

The workshop will provide information on the Asian citrus psyllid, a pest that can carry a deadly and incurable citrus tree disease called Huanglongbing (HLB). The disease has been found in Southern California and threatens local citrus. The workshop will provide information on the Asian citrus psyllid and HLB, citrus tree management practices to prevent the spread of the pest, and details on current quarantine zones.

Attendees will be able to ask questions and speak with:

- Sandra Zwaal, Citrus Pest & Disease Prevention Program Grower Liaison
- Maggie O'Neill, UCCE Master Gardener

Where:

Redlands Community Center
Large Classroom
111 W. Lugonia Ave.
Redlands, CA 92373

When:

June 30, 1 – 2 p.m.
RSVP to Sandra Zwaal
